

The Amazing Race— Rocking All Religions

An event teaching religious tolerance geared for 6th-8th graders

You are the next contestant on a special edition of The Amazing Race—
Rocking All Religions!

In this edition, your team will explore religions by solving puzzles. You'll travel to learn about religions, such as Christianity, Judaism, Mormonism, Buddhism, Islam and more! Along the way you'll complete fun challenges. By the end, you'll gain a sense of understanding and knowledge of each religion so we can be more accepting of those who practice different religions. A tour of the Jewish temple will also be included.
